

British Railways Freight Rolling Stock

When building a model, there is no substitute for prototype research.

However, this table gives an indication of the parts that might be suitable for your kit.

Kit	Type	Underframe	Extras	Buffers	Wheels	Axleboxes
2-500	BR/SNCF mineral wagon Diag 1/112	2-324		2-070 2-072	2-005	2-310 2-430
